Customer Reviews

I've been "in" to coloring for just under a year now, and I've come to be pretty picky when it comes to which books I want for my coloring book collection. I want books that have variety and patterns, as well as an opportunity to use splashy gel pens. This book gives you all that. It has deep, dark outlines and offers a variety of intricate patterns balanced with pages that give you chance to just color big spaces. I like that the gel pens do not bleed through to the next page; plus, I especially like that there are no pictures to color on the back sides of the picture pages. This makes it even easier to prevent bleeds on to the next picture. I also especially like that this "adult" coloring book does NOT come with adult language or sexual innuendoes. I think everyone should be able to have a book they like, so if others like that type of theme, I'm fine with it. I just wanted to let others know that if you're like me, you won't find that in this book labeled "adult." While I'm not fond of pages that have an over-abundance of black-and-white pre-shading, this book at least doesn't go overboard in the quantity of pre-shaded pages. In all, this is a 5-star book that I would recommend to anyone. I received a sample of this product in the mail for my honest, unbiased review.

A gift but I'd be happy to receive it.
