of 2008 trawling Britain to write Mountain Biking Britain. Ewan is a professional snowboarder and also writes for Snowboard UK magazine, he is part of the ACM Writing Group who provides specialist and mainstream media titles with boardsports and travel journalism.

I was a bit disappointed that this book was in paperback for this price, but that was my fault for not noticing this when I ordered. However, the gift was received well by the person it was purchased for.

This is the best snowboard guide book because it's the first edition--everything is up to date, which is super important in snowboard park reviews because things change so much year to year. Even more importantly, the writers are snowboard industry insiders, so they definitely know where's cool to hang out after shredding. Lots of pro snowboarders comments and tons of cool background info.
