Customer Reviews

Featuring easy excursions in and around the Washington DC area.

I grew up in the country and since I moved to a place just outside of DC, I sometimes wished to be out of it for a while. This book gives you the places to do just that. It is packed full of info on places that are all within two hours of DC. Most of them are unknown to the majority of the public and make the perfect places to get away. Anyway, this book is also packed with info on difficulty of hikes, when the best times to take them and any number of interesting tidbits. This book is a must for those who live in the Washington DC area.

Most of the book's entries are about the history of the various locations, and how to get there. There is very little about the trails themselves, what to expect, or even level of difficulty. This is a serious flaw.
