Really interesting.

Good pictures with lots of detail. Overall a good book for a range of ages, especially beginners.

Gave this as a gift to a child, and they apparently really liked it....

great book

very informative!

Such beautiful photos! As the other reader mentioned, the small sections of info are very suitable for children (even 12 years old). My kids and I enjoyed it. I would have given it 5 stars if it's not because of a topless picture on an earlier page which I covered up.

It is beautiful! Glad we got it. Very informative as well as eye candy.
