Cancer Cured: Victory Over The War On Cancer

Synopsis

Have you ever had the feeling that cancer treatments are doing more harm than good? Well I saw it with my own eyes! This will be the most important message you've ever read, because you're going to learn the monumental discoveries of the thousands of doctors and nobel prize winning scientists that finally solved the mysteries of cancer. But first let me tell you why I care so much about this subject... When I was 12 years old my mother was diagnosed with cancer, and what happened next I'll never forget... ... doctors injected chemotherapy into her veins and told us she would soon get well, but instead of watching my mother's health return, we watched her die a painful and agonizing death. Years later, finally I'm strong enough to admit the truth... ... My mother was murdered for profit by an industry that cares more about making money than saving lives. As American Biochemist Dr. Ernst T. Krebs Jr once said, the use of mainstream cancer treatments "effectively closes the door on cure." I made a promise to my mother in my heart that I would find the cause and cure for cancer so that no child would have to go through what I did, ever again! The Mystery of Cancer Finally Solved! In 2014, I began writing my latest book Cancer Cured. Like you, I suspected that cures or effective treatments were being hidden from the public by the cancer industry. It turns out, my suspicions were correct: Doctors and Nobel Prize-winning scientists from across the world have already discovered the answers that the public is not being told about - and they're all in this book! Mark Sloan has produced a wonderful book. This well researched book with 2300 references will help many people find an alternative way to treat their cancer, avoiding the ineffective treatments of conventional medicine.

I'm loving this book. From tons of references from around the world and how everything about cancer cures is well organized and simplified, I have to say it again. I'm loving this book.

Mark is a true health pioneer! His modus operandi is not based on "profiting" from other's suffering... he is driven by results and helping people get well. Get this book and don't think twice. Cancer is the scariest time in someone's life. With the right information, you can get well. Mark will give you the right information!

This book hit home as I was also a child of a parent who died of cancer. I wish my family had this information when my father was alive. Very inspirational and I highly recommend this book. Thank you Mark for your tenacity and the gift of this book.
