Customer Reviews

I'm a huge hockey fan, and the thing I loved most about this book was the information it contained along with the illustrations. I wouldn't say it's an easy book to color, so maybe not for younger kids, more for older children and adults. The graphics themselves are beautiful.

This book isn't huge but it has some great history in the pages. It teaches about the game and the players and even the women playing professionally during the war. This is one of my kid's favorite books.

it's fun and soothing. Wish they had more hockey ones.

Caricatures are a little dated, but our 18 month old grandson didn't notice.

Loved the history involved in this coloring book. Arrived in great condition when expected.

Love the pics and the story/facts. Great for the kid who likes hockey

Perfect subject matter for my 5-year-old hockey player. Wish I would have bought more to give out in birthday loot bags.

Grand daughter loves it! Likes to have the captions read to her like a story book in addition to coloring.
