From Shadow Party To Shadow Government: George Soros And The Effort To Radically Change America

Synopsis

From Shadow Party to Shadow Government dissects George Sorosâ™ network of leftwing political organizations, through which he has been able to exercise unparalleled influence over the past twenty years. Since David Horowitz wrote âœThe Shadow Partyâ• in 2007, there has been a major breakthrough in the progression of Sorosâ™ plan to racially change American institutions â“ he has succeeded in subverting and taking over the Democratic Party itself. Though Soros has carefully hidden his goals under the cloak of his philanthropy, Horowitz and John Perazzo expose Sorosâ™ radical agenda in this booklet and show how his philanthropies actually work to advance his leftwing causes. Understanding the Soros agenda is critical for understanding and defeating the Obama agenda, because they have, in effect, become one in the same.

Customer Reviews

Follow the money. Must stop undermining our construction. Let the radicals go home! We need to

preserve our home and freedoms earned by those whom have died so we can carry on our freedoms!

Highly recommended read to better understand what is happening around the country in our political system and to America. Share this with everyone you know.

okay

Excellent, fact-filled report on the Dark threat to our republic!

very informative. Seeing what goes on behind the scenes makes what we see in news make more since.

More people have to become aware of what Soros followers are doing to this country. This book hits a home run.

There wasn't anything I didn't like about it. I recommend this reading for everyone who is watching our Senate (democrats demonstrate) every day show who they are really working for. And it sure isn't The American People.

A must read for those wanting to understand what is happening to our country. Clear and excellent observation and analysis of current events and the history behind it.*****
