How To Study The Bible

Synopsis

The Bible is the Word of life. As such, studying the Bible is crucial to the life and growth of every believer. In this revised work, John MacArthur examines various Scripture passages in the Old and New Testament to answer both the "why" and the "how" questions of Bible study. How to Study the Bible can be used alongside or apart from the audio series available from Grace to You in either a personal or group study. Features revised content and study questions

JOHN MACARTHUR is the pastor-teacher of Grace Community Church in Sun Valley, California; president of The Master's College and Seminary; and featured teacher for the Grace to You media ministry. Weekly telecasts and daily radio broadcasts of "Grace to You" are seen and heard by millions worldwide. John has also written several bestselling books, including The MacArthur Study Bible, The Gospel According to Jesus, The New Testament Commentary series, Twelve Ordinary Men, and The Truth War. He and his wife, Patricia, have four married children and fifteen grandchildren.

I read the MacArthur study bible is ESV and every year look for a different way to read through the Bible. So far I have followed the cover to cover method, the chronological method and the historical method - next year I will follow this approach. But I must say the other chapters on who should study the bible and why it is so important for believers to study God's word were incredibly interesting.

From the many methods offered by various authorities, this one is one that can be done. Not only do you learn how to study, you know why and how that study will benefit. Questions in the back. Scripture references in back. It's a total package. Five stars is not high enough!

This Book is refreshing and relevant. The first need in the church today is to return to the word of God! This book will help any student to get a sound approach so that the word will dwell richly within them. What I like about this book the most is that it is not overly fancy; it takes a straightforward approach that has tremendous depth. Using these simple approaches, you will be able to go quite deep into the word without straying off into darkness.

Like living for Christ, studying His word will be challenging. This book is evidence of that since it was taken from John MacArthur's experience and he's a great servant of Christ...at least from my perspective. This will be a great read and extremely helpful for those seeking to know God as He has revealed Himself in the Bible. John doesn't take away from the Bible as I initially expected. Instead he stresses the importance of actually READING, INTERPRETING, TEACHING, and MEDITATING on the Word of God. This book is really great.

This book was extremely helpful, the first chapter or two is some helpful background on why we should read the Bible, but once it gets into the how part of it it gets even more helpful. Great stuff and a Spiritual motivator.

John provides great tools on the study of the bible. He begins by setting a foundation on the why before entering the how. A great journey with thought provoking statements and questions. Each chapter has a review at the end to ensure that you get the message. I would suggest to any believer - new converts, youth, elderly etc. Also this book is perfect for small group.

Excellent, structured and logical guidance to how to study the Bible to gain more understanding. Highly recommend it to everyone who is serious about understanding God's word! Well worth the time.

I bought it to help my wife learn to study the bible, as we have regular bible studies together. My wife definitely liked the book and even passed it on to a friend. Its short and easy to read, I learned some stuff as well.
