Customer Reviews

This book had to have been perfect when the movie came out for all those teeny bopper fans! But I love this horror movie sequel-Such a fan of it, probably 'cause of the location of the movie. The book starts off with cast bio facts and then tells the story with the behind-the-scenes photos and pictures of the cast. Some interesting film trivia inside. Still hoping for a cast reunion or director/writer commentary on DVD. This books makes up for that--Like a Right Hook, It Will Knock You Off Your Feet! Haha...It's a fun book to read. Enjoy!

Being a big JLH and IKWYDLS fan, I got this book as soon as I discovered it. Though I didn't expect much from it, I did expect more than what I read. The book itself is pretty informative, but it's either stuff you probably already know or stuff you don't care about. It's very directed towards girls, too (ex. "OMGZ DAT FREDI PRINZ JUNUR IZ SOOO KEWT!!!!!!). The pictures aren't reall that amazing, too. I only reccomend it for die-hard fans of the series.

This book was basically a publicity stunt for Jennifer Love Hewitt and Brandy, because I saw no other reason for it. Honestly, who would want to read all the details of "behind the scenes" of a

movie when you could sum it all up in a magazine article? I thought the book would have more substance. It basically consists of some drawn-out story of what happened while a movie was being made and what happened in the movie. I'm just glad I borrowed the book and didn't waste my money on it.

This is a great book which I think all fans of the movie will love. It is packed with Cast Info and how the actors liked working on the set of "I Still Know What You Did Last Summer!" If you like I Know... or/and I Still Know... Or you are just a fan of Jennifer Love Hewitt and Brandy, get your hands of this book!

when i was reading this book in the beginning it was really i mean really boring. i was about to fall asleep. but then when julie was on the stage singing and she saw the words i still know what u did last summer totally freaked me out. not really but thats ok. i really liked the parts when julie is about to get killed as u can see i hate jennifer love hewitts guts she is ugly. anyway i always laughed at her stupid remarks. to total it out this book was good if u cant find anything else to read.

Well this book wasn't very good the other reviews were pretty much right. I wanted to do it for a book report but it was basically just the movie in words. I would not suggest it.

This book changed my entire outlook on life. It is one of the most powerful pieces of non-fiction of the modern era.
