Santa Fe On Foot: Exploring The City Different

Synopsis

Much of this ancient city's charm is found through what the visitor doesn't see at first glance. Elaine Pinkerton delves into the past to share the stories behind Santa Fe's unique buildings, streetscapes, neighborhoods and natural environment, then points out key elements of local color and character. Fresh routes in this new edition include the inviting Santa Fe Watershed, breathtaking Sun Mountain, arroyo walks, and a dozen more that will lure locals and visitors alike to enjoy the very best ways to experience Santa Fe firsthand!

Customer Reviews

Santa Fe on Foot is probably the most readable book about New Mexico's state capital. It's definitely the book to take along on any outing around the old and new Santa Fe! --New Mexico Magazine "A necessity for visitors who want to see the city intimately." --Santa Fe Reporter Santa Fe on Foot is filled with loving detail. For visitors in particular it puts history in their hands and allows them to explore the city on their own two feet. --The Santa Fe New Mexican

Elaine Pinkerton is an avid hiker, skier, bicyclist, and author of six books, including The Santa Fe Trail by Bicycle and the first three editions of Santa Fe on Foot. Santa Fe has been her home since the 1960s.

This is a fantastic aide for visitors and residents alike. Having lived in Santa Fe for over two decades, I was delighted to discover so many places to see, and things to do, that I had not known about. Pinkerton's book now holds a prominent place on my main book shelf (except when I must

take it with me on every new adventure in the City Different.) ã Â Â^Âf

I sure appreciate this book! It is filled with wonderful details, fascinating history and background, helpful suggestions and written in a warm, inviting prose. As someone who is new to Santa Fe, I treasure this book, and look forward to many of the walks described in it. It is a great resource and a lovely book.

A delightful book that takes you to places both familiar and less familiar in and around Santa Fe. This is a wonderful resource to have to hand when visitors come to stay and want to walk around the city, without doing more strenuous mountain hikes.

This is a very personal and lovely book. She obviously loves Santa Fe and shares her love of hiking with us in this gem of a book. I have taken many of the hikes listed in the book but missed a few so for just finding a good hike it's great but for finding a hike tailored to your time needs and maybe finding one that's not so well known it's perfect. For tourist and resident alike I highly recommend this as a trustworthy local hiking guide.

Very well done and informative. You can easily find your way around town with this book!

Wonderfully written, informative, historically correct information for locals and tourists alike who are exploring or revisiting the city of Santa Fe

Wonderful and clearly written. A MOST helpful guide to seeing the beautiful city of Santa Fe, New Mexico. Buy it!

Amazing and insightful! Perfect for the newcomer to Santa Fe as well as native Santa Feans.
