Shipping Weight: 5 ounces (View shipping rates and policies)

Average Customer Review: 5.0 out of 5 stars 1 customer review

Best Sellers Rank: #92,168 in Books (See Top 100 in Books) #30 in Books > Travel > Asia > Japan > General #56 in Books > Travel > Reference > Phrasebooks

Customer Reviews

I've bought japanese audio lessons, japanese lesson books & a japanese app with common phrases with audio/text but I have a strong feeling this book will be my highest preference. It teaches you how to pronounce everything and displays it in japanese. Additionally it puts the most important things on the first 2 pages (survival words like 'where is the toilet?' or 'I don't understand' along with the number system from 1-10 (it goes much higher than that later on in the book, don't worry! its quite simple to learn)Its absolutely packed with information, so much so that I can't even think of anything that's been left out for any occasion! And the sections are colour coded with headers making it quicker to find what you want without searching the contents. Unfortunately I'm not sure how many of these phrases I'd be able to remember without the book, you still really need to read/listen to japanese lessons to understand why words are phrased in certain ways. But most people would only buy this for holidays (like myself) and is far better than going to Japan on the assumption/hope that everyone speaks enough english.Combine this with the latest Lonely Planet's Pocket Tokyo which I also reviewed (4 stars) for the ultimate travel bundle despite that lacking in geek interests. Both are pocket sized, cheap and professionally done.
