Easy To Build Birdhouses - A Natural Approach: Must Know Info To Attract And Keep The Birds You Want (Popular Woodworking)

Synopsis

A Nature-Friendly Way to Attract and House Birds Birdhouses are a favorite project among woodworkers. Made of inexpensive materials, they are quick to build and a pleasure for the whole neighborhood. Easy to Build Birdhouses includes 26 fun projects for woodworkers of all skill levels. Part 1 talks about construction basics, wood grain, doors and access, proper drainage and ventilation, interiors, materials and hardware, paint and stain, and house mounting and support methods. It also addresses birdhouse placement and how to attract birds. Part 2 shows how to make birdhouses using natural materials to help them blend in with their surroundings. Part 3 shows how to make bird feeders that help attract birds. Part 4 provides examples of colorful and whimsical birdhouses, like a lighthouse and a Cape Cod bungalow, that are a little more advanced.

AJ. Hamler is the former editor of Woodshop News and was the founding editor of Woodcraft Magazine. He recently served as Senior Editor for The Collins Complete Woodworker (HarperCollins/Smithsonian). When not in his workshop, his other interests include science fiction (writing as A.J. Austin, he's published two novels and numerous short stories), gourmet cooking and Civil War reenacting.

Great pictures. Good designs.

The title say it all, good information on what birds like, material to use and the plans are easy to follow and build.

I bought this for my husband who is building his workshop and new to woodworking projects. These projects are easy to do and the designs are clearly laid out. Wonderful purchase!

I love bird houses and the book has a right good many in it. I am completely satisfied with my purchase.

I got the book for my husband and he loves it. The book came quickly and has great ideas. Couldn't ask for better. Book is good for beginners and will give you hours of enjoyment.

This is a nice book with easy to follow step by step instructions. It also has good photographs that follow the instructions and of the completed product. Bird information was good to have as well.

I will make some awesome birdhouses in the near future following the patterns in this book. The patterns are easy to follow. I am glad that I bought it because the book is in great shape.

Easy to use instructions with pictures. I'm no carpenter but my basic bluebird house is very sturdy.
