Teacher Created Materials - Science Readers: Content And Literacy: Mixtures And Solutions - Grade 5 - Guided Reading Level R

Synopsis

Why are chemists so great at solving problems? Because they have all the solutions! Get it? Knowing how mixtures and solutions work makes our lives easier and more enjoyable. Examine the molecules behind mixtures and solutions such as pizza, oatmeal raisin cookies, smoothies, and lemonade in this engaging physical science book. Fifth-grade readers will learn all about heterogeneous and homogeneous mixtures, colloids, solubility, physical and chemical changes, and more through this high-interest informational text filled with vibrant photographs. Aligned to the Next Generation Science Standards, a hands-on "Think Like a Scientist" lab activity and a "Your Turn" page at the end of the book support STEM Education and provide young scientists with an opportunity to apply what they've learned in the text. Helpful diagrams and text features, such as a glossary and index, are also included to reinforce content-area literacy and improve close reading.

About Shell Education Rachelle Cracchiolo started the company with a friend and fellow teacher. Both were eager to share their ideas and passion for education with other classroom leaders. What began as a hobby, selling lesson plans to local stores, became a part-time job after a full day of teaching, and eventually blossomed into Teacher Created Materials. The story continued in 2004 with the launch of Shell Education and the introduction of professional resources and classroom application books designed to support Teacher Created Materials curriculum resources. Today, Teacher Created Materials and Shell Education are two of the most recognized names in educational publishing around the world.

Book Information

Lexile Measure: 740 (What's this?)

Series: Science Readers: Content and Literacy

Paperback: 32 pages

Publisher: Teacher Created Materials; 1 edition (September 20, 2015)

Language: English

ISBN-10: 1480747211

ISBN-13: 978-1480747210

Product Dimensions: 6.8 x 0.2 x 8.8 inches

Shipping Weight: 12.2 ounces (View shipping rates and policies)

Average Customer Review: Be the first to review this item

Best Sellers Rank: #872,358 in Books (See Top 100 in Books) #143 in Books > Children's Books > Education & Reference > Science Studies > Chemistry #350 in Books > Children's Books >

Education & Reference > Science Studies > Physics #655 in Books > Science & Math >

Chemistry > Physical & Theoretical

Age Range: 9 - 12 years

Grade Level: 4 - 7
