Book of the Kindred is an excellent and inexpensive setting primer for Vampire: the Masquerade players.

good

No complaints.

If you already have the sourcebooks for Vampire: The Masquerade or The Guide to the Camarilla, you may not want this book. It provides some information about each of the clans in the Camarilla (Pre Gangrel departure, vampiric vernacular, explanations of some terms, the Traditions of the

Camarilla as well as the Book of Nod. You may like to buy the book for the stories it contains or for allowing a beginner to read it and get a feel for the World of Darkness rather than throwing the game books at them. I believe that would be the most useful part of this book, for loaning to someone who has not played Vampire: The Masquerade before to learn about what they may have to expect in the games as well as observing current gaming sessions. The stories may give an insight to the new player of the adult horror and themes of Vampire.
