## Customer Reviews

With Archangel Michael's loving guidance Leia Stinnett has been inspired to write several books that promote spiritual awareness in children and their families. The Little Angel books offer stories, lessons, meditations and exercises for growth and education that the whole family will enjoy. The messages are universal and the intent is best summed up in Michael's words to Leia, "Together we shall save the children."

not for a 9 year old girl.

great book for kids and adults learning

Gives all ages greater understanding and connection to the very real essence of crystals. Love it.

Nice way to explain and get interest to crystals for kids.

This is a nice little book for young crystal enthusiasts. It introduces several members of the quartz family, as well as concepts such as cleansing, programming, chakra balancing, and is full of ideas for meditation and crystal healing. Some of the terminology is a bit above many beginning levels, which makes this book great for reading as a family, and it is likely to improve children's vocabularies.

Love the book! It's very easy to understand for the kids and adults too!!

I will use this book to help children learn about the different ways to use crystals. i love the illustrations and simple language. thank you

My son got this and couldn't put it down so I was very pleased I got it when I did.
