Customer Reviews

This is a very thorough book off Patois words from A to Z and I'm having a lot of fun learning the phrases. I bought it as a travel prep book and we are also around a lot of great Caribbean and Jamaican people and culture here (and one of our favorite restaurants in Tampa serves Jamaican cuisine) so learning this new language and the food terms has been a new experience. For fun I like

to practice the phrases with an accent on my husband and children and they all say I'm getting real good at it!! really like the book. It's a great reference tool and very simple to follow and understand!

I purchased this dictionary to help me with a character I created in my book. Overall, it gave me enough words to be creative with the language, I just wish there had been a bit more instructions on how to use the dictionary, since a lot of the times there just aren't literal translations for every word.

Still trying to learn it.

on my way to learning some of the lingo so as not to look too stupid when conversing with the locals!!!

Very helpful taught me a lot could add more words though but still great help tanks again. I think this book is a must

PERFECT MON
