Dyslexia: For Beginners - Dyslexia Cure And Solutions - Dyslexia Advantage (Dyslexic Advantage - Dyslexia Treatment - Dyslexia Therapy Book 1)

Synopsis

Do you jumble letters in words? Do you find it hard to read words aloud? Is it hard for you to remember things in sequence? Then, you may be a dyslexic. Today only, get this bestseller for just \$2.99. Regularly priced at \$4.99. Read on your PC, Mac, smart phone, tablet or Kindle device. Reading is an ability that is entirely human and at the same time, unnatural—it is a skill that needs to be learned. However, some people, despite having normal intelligence and normal health conditions, find it hard to learn how to read. Letters are in different places and words are easily mispronounced. Some of them even see texts as just random scribbles with no meaning at all. But this does not necessarily mean that these people are dumb or are slow learners; it is caused by a learning disorder called dyslexia. In this book, you will learn some basic knowledge about Dyslexia, the nature of the said learning condition, its symptoms and its different types. Most importantly, it will give some practical tips and reliable treatments for overcoming dyslexia. After downloading this book you will learn—

Chapter 1: Understanding Dyslexia
Chapter 2: Diagnosing Dyslexia
Chapter 3: What is Your Type of Dyslexia?
Chapter 4: Treatments for dyslexia
Chapter 5: Living with Dyslexia
And Much, much more!

Customer Reviews

I just read this book. Overcoming Dyslexia by Donovan, Craig. and I have to say that I loved this book. I am Dyslexic and most likely was born with it. didn't know I had it until I was 40 years old. As I was reading this book. I felt like this book was written about me because just about everything he was talking about, all the different kinds of Dyslexia. I'm Dyslexic in most all the areas that he was talking about. it gave me chills! just reading it and brought back so many memories. I was tested at age 40 and had Therapy for 2 1/2 years. it has helped and I have come a long ways since then. Since my Therapy, I've set 3 goals for my self. 1) to get my GED and make the honor rolls and I did that. 2) to write and publish a small cook book and I've done that. 3) to write a book about my struggles with Dyslexia. I have not done yet but decided to get started on it. I recommend this book highly! to anyone that is Dyslexia

I was looking for a book that might have some new information or different strategies to use with kids. I found this book more like a short informational piece and nothing more. No meat or substance to the book that would help a dyslexic child's parent.

I used it to do a paper but found it wasn't the right book for me
