Never ordered a "used" textbook online for my daughter but I will again as it arrived in excellent condition and it was just what she needed for her dual credit HS/college class thank you!..oh there is one bit of incorrect information the teacher was impressed she caught page 35 of the "citizenship quiz" answer to #4 incorrect ammendment 27 is NOT a voting ammendment 26 is correct...but not sellers fault! I will buy again very pleased.

American Government is pretty interesting. Surely a textbook company could find a writer who could do a better job. I've see worse, but for an updated text it could've been better.

It was right book but it was not compatible with teachers class and I had to purchase another one because I tried to access website, but had to scratch it off to do so! Next time I'll buy right from McGraw Hill

Cover is a bit ripped up but you can't beat the price.

I liked this book because, it had really interesting topics that captured your attention on what is really going on around you

Book was in good condition when I got it. May be worn down a bit after how much I used it. Lots of good info in this book!

Very up to date! Simple and easy to read

used for class
