Attention! This map about Suriname and French-Guiana is based on data which are about 10 to more than 16 years old! A lot of informations are missing or wrong! I lived in both countries for several years, wrote a book (in German) about French-Guiana and will publish two books about both countries this year in Germany. The last data I am using for to compare the maps of itmb are from 2009. If you will use this map you will really wonder about the reality! It's a shame to edit such an old map as a new edition!
