Passive Income Strategies: Practical Ways To Make Passive Income Even With A Full-Time Job: Lifestyle Changes That Bring In Passive Income

Synopsis

Did you know that wealth and financial prosperity are well within your grasp? Instead of worrying about having enough money, read this short book to learn how you can take control of your income to best serve your wealth. I want to show you the secrets and passive income strategies that rich people live by. You will also learn how to use simple techniques which were not mentioned in any passive income ebooks to take what you have today and multiply it. There is no such thing as a genetic advantage towards being rich, you, as you are, equipped with a readiness to learn, can become rich. So, How does a Rich person get rich? Hard work equals success and success equals hard work. This is a mantra we know all too well and yet we still seem to desire the success without putting in the hard yards of hard work. There is a scene in "Rich Dad Poor Dad" that is erasable from my mind in discussion of hard work and success. It's the image of an old woman in India, packing bricks on the side of the road. She works exceptionally hard. And yet she will remain poor her whole life. Hard work does not inherently result in financial success. This is a book about everything the world didn't tell you about money, and how to reach your goals of a high income with minimum effort. Let's talk about our favourite success fable, one we've all heard a few times during our childhood. Once upon a time, Jack's mother realised that they had no money left. She gave her low-wit son, Jack, their last resource: the cow, to sell at the market. At the end of the day, when he came home, he had nothing in his hands but a few "magic beans". Jack's mother was so angry that she smacked the beans out of Jack's hand and sent him to bed with no dinner. The next morning, when Jack woke up, he looked out of his bedroom window and what did he see? The tallest bean plant, towering up into the heavens. Jack was so excited that he ran outside and began to climb the beanstalk, up and up and up. His mother screamed at him to get down immediately! but he ignored her. At the top, he looked around and saw a giant with a goose that was laying golden eggs. He scrambled back down the vine before the giant could spot him. We know how the story ends: Jack heads back up the bean stalk and grabs the goldmine goose, chops down the bean stalk and lives happily ever after, revelling in unimaginable wealth. Whilst on the surface just a traditional bedtime story that approves thieving, I believe the story of Jack and the Beanstalk has an economic undercurrent of rags to riches that makes us all want to be Jack. But if we had to do a Jack and the Beanstalk personality questionnaire, which of the characters in the story would you be? In this book, you will learn:

- How does a Rich person get rich?
- The Richest Men Alive
- The greatest barrier to your wealth
- The Goose That Lays Golden Eggs
- Examples of ways to earn a passive income
- The practical and easiest ways to have passive income
- Learn how to generate passive income streams

Customer Reviews

Great book! Describes perfectly some ways to start making money online. it could be a side income or a full-time job.And it doesn't only describe the process, it also gives you some useful recommendations and tips.I liked the information in this book. This is an excellent guide to making passive income online!So many choices are available when you want to have a passive income online.It is very interesting to read. I am so glad that I've come across this book as it worked perfectly for me.I will suggest for people who want to begin making money.There are lots of good information inside. I recommend the book for financial strength.

I'm working very hard but I haven't got much money that I want. I'll quit my job and think about passive income strategies in this book.

I'd been working on my own online business project for a month when I grabbed this book. At first, I thought it was just another motivational book, which I thought I needed at that time. Barely a hundred pages and for less than 3 dollars, I could skip coffee and read it in 2 hours, and that's what I did. I didn't expect it to be "this book is gold! It not only motivated me to work more on my business, I found priceless information in its pages, especially on the part where Walsh talked about ideas on how to earn money online. I don't have wide knowledge about blogging and software development, but after reading the book, I knew that I could break any barrier that hinders my advancement towards my goals. Persistence and proper management are the keys to success! Thanks Walsh :)

This ebook is decent guide and self help book that makes us understand multiple passive income techniques that are quite practical and leverage it by using compounding technique in our business. It gave me an idea how to avoid barriers and adopt habits of financially successful people. The author emphasis on online businesses and other techniques which will help in reaping benefits of our hard work continuously instead of getting paid one time on hourly basis. I got an idea how I can utilize my existing skill set/experience or product to sell in different ways.

Awesome book, concise and clear!
