These sections are full of specific and detailed information that will be key to passing the GED Exam. Concepts and principles aren't simply named or described in passing, but are explained in detail. The guide is laid out in a logical and organized fashion so that one section naturally flows from the one preceding it. Because it's written with an eye for both technical accuracy and accessibility, you will not have to worry about getting lost in dense academic language. Any test prep guide is only as good as its practice questions and answers, and that's another area where our guide stands out. Our test designers have provided scores of test questions that will prepare you for what to expect on the actual GED Exam. Each answer is explained in depth, in order to make the principles and reasoning behind it crystal clear. We've helped thousands of people pass standardized tests and achieve their education and career goals. We've done this by setting high standards for our test preparation guides, and our GED Exam Secrets Study Guide is no exception. It's an excellent investment in your future.

A GED Test Study Guide Unlike Any Other If you'd like to get the GED test score you deserve, to quit worrying about whether your score on the GED test is "good enough," and to beat the test taking game, then this might be the most important message you read this year. Our comprehensive study guide for the GED test is written by our GED test experts, who painstakingly researched the topics and the concepts that you need to know to ace your GED test. Our original research into the Tests of General Educational Development (GED), offered by the American Council on Education (ACE), reveals the specific content areas and the essential skills that are critical for you to know on the GED test. We've taken the information and developed a study guide that is guaranteed to help you be successful on the GED test. Now, we know you may be skeptical, so let us give you three good reasons we can back up what we claim: The Three Reasons To Believe What We Say

The First Reason: Our company's name is Mometrix Test Preparation, and we have a team of standardized test researchers who have worked on developing our study guide for the GED test. The standards for who gets to work on the team are very strict- we demand the best for our customers, and only those who met our exacting standards made the cut. The dedicated research staff have years of combined experience in mastering the content and skills necessary to succeed on the toughest exams.

The Second Reason: Some academic studies have revealed that test takers

do not really benefit from the traditional test preparation process. But we knew there had to be a solution- if test takers were not doing well on the GED test despite high intelligence, there had to be a set of secret keys to the test that would open the door of success for these test takers. We believe we have succeeded in finding the secret keys of the exam. What we found was surprising, and in some cases ridiculously simple once explained to the average test taker. We put the findings together in a thorough, concise study guide that we believe allows any test taker, at any skill level, to improve his or her results dramatically with a minimum of effort.

The Third Reason: We created the product in part because we were frustrated by the options available to test takers who really wanted to do well on the GED test. A common approach is to TEACH the material, instead of TEACHING THE TEST. That's not necessarily good enough for the GED test- you have to know how to apply the knowledge. Most test takers already have a general knowledge of the material that will be covered on the exam. One reason some test takers do well on the day of the test is that they have made the critical connection between the material they learned and how to use the material to succeed on the GED test. Our guide addresses the difference between merely knowing the material and knowing how to use the material to perform on test day. You're going to save time, money, and aggravation. You'll learn to avoid the mistakes and the bad strategies that you've been vulnerable to. --Just for starters, here are some ways our product can help your score on the GED test...

The Exclusive Test Taking Techniques Explains how the GED test time limits are the #1 enemy of most test takers, and what you can do about it- You avoid falling into the many "time traps" built into the test, giving you an immeasurable advantage over those who go into the test unaware

Describes exactly what you should do to determine the focus on the essay - You won't waste time scratching your head about what to write

Shows you super speed methods to get through the questions you know with ease- Saving you time so you concentrate on the hardest questions without rushing

Keys to questions that "give away" the wrong (or right) answers- You get credit for some of the questions without really even knowing anything about them

Our researchers are more than just academic theoreticians who understand the technical nature of standardized tests, but are also experts on test taking itself- they reveal the exact skills and the information you'll need to perform under pressure during the test.

Get quick, customized help for the questions you have- just send us a quick email and we'll get back to you promptly with the answer.

Details the EXACT STUDY PLAN for the GED test that we believe gives the most results in the least time- No matter if you're studying for a week or a month, you won't waste the precious study time you have on useless activities

Empowers you with a key word searching tips that will let you save more time than you thought possible- You won't be wasting precious time anymore scouring passages, but will immediately be able to find exactly

what you are looking forAllows you to recognize critical "hedge" words - You'll understand their significance so you're not caught off guardA systematic analysis and the best breakdown into "plain language" of how to deconstruct and master mathematical word problems- You turn word problems that most test takers stumble over to your advantageGives you simple explanations for those hard to remember grammatical facts - You won't make some of these careless oversights anymoreIncludes detailed information on the newest type of questions on the Mathematics Test, so you won't be caught off guardLearn why, when, and how to guess to your advantage. Many test takers use exactly the wrong strategy, but you can avoid the pitfalls with the help of our standardized test expertsThe secret keys to the Writing Skills Test that "gives away" the right answer a lot of the time- You know the special "flags" to look for in this sectionThe most efficient and accurate method for picking the right answer on the reading questions- You won't be puzzled trying to read the mind of the test question writer, but will instead know exactly what to look for to pick the best answerWarns you of the "fact traps" to watch out for - You won't fall prey to these easy to miss questionsProvides you with a system for predicting answers before you even see the choices- You'll be amazed at what you already knowA comprehensive Mathematics Review written in some of the easiest non-technical language you've ever read- You get a "plain talk" refresher on the most critical areas you will need to master for the GED Mathematics TestThe 1-2-3-4 Method for Writing a Knockout Essay- You follow this simple method and the feared essay section becomes child's playOur quick problem solving method for the problems with variables- You speed right through these notorious time-wasters --Includes instructions detailing the best way for you to get started with your preparation efforts so you can begin the path of improving your scores immediatelyNow, you're probably wondering how and why we can do all the things we claim.Let us explain.Before we go any further, let us clarify what GED Secrets is not. It is not a stale rehash of all of the things you have already learned in the past.GED Secrets is our exclusive collection of the tips and the information that we have specially selected to give you the best results on the GED test for the least time spent studying. It's written in everyday language and is easy to use.We cover the 5 essential skills necessary to do well on the GED test, plus comprehensive reviews covering the Writing, Social Studies, Science, Literature and the Arts, and Mathematics tests individually.Don't take our word for it. Listen to what our customers say about other Mometrix test preparation products.I purchased the Secrets file, and I just wanted to let you know that I got a 99% on my test. I just want to thank you again, and hope you have continued success in your ventures. Sincerely, Paul L.My name is Chris. I used the Secrets study guide for five days. The study guide made the test so easy to understand. Like you said this program is worth 100's of dollars. To me 1,000's!!

THANKS, Chris G.I just had to thank you guys for the test prep! I bought the guide as a last minute prep, I mean maybe 5 hours before the test. Like I said, I had ZERO preparation! I was nervous about the test let alone receiving the score I needed. I read the guide through only once before test time and needless to say, the only way I passed was thanks to your refresher!! BrianJust dropping you a note to let you know that I am completely satisfied with the product. I had already taken the test once and landed in the 75 percentile of those taking it with me. I took the test a second time and used some of your tips and raised my score to the 97 percentile. Thanks for my much improved score. Denise W.I heard about your website from a friend. I am enrolled in a review course, and in hindsight, I wish I wouldn't have taken my review course and instead spent a fraction of the money on your program. Thank you! Zac L.You get at least 10 times your money's worth! --When you consider what's at stake with the exam, we believe the value of our study guide gives you at least ten times your money's worth.

Great for reviewing

Good information, but some could be difficult to understand. I bought it to use for teaching, and it seems to be written for the more advanced learner.

This book is very helpful and easy to follow. I recommend it.

Great book

helped my grandson

I recommend this book because it teaches you the most important parts of the GED very happy with it..i love it so much

Perfect learning tool. My kids love it

I really like the book.
