Flirting With Danger

Synopsis

When talented journalist Astrid Williams is assigned to the story of a missing teen, the last thing she expects to find is love...She's the ultimate career girl. Devoted to work, with no time for anything more than casual steamy encounters. But all that changes when the missing persons story leads her to the enigmatic Callie. Callie is a family friend of the missing girl and an invaluable lead. The attraction between the two women is immediate, all consuming. Does Callie hold the answers to the mysterious disappearance? And beyond that, is she the one woman who can hold Astrid's attention beyond a sensational story?

Customer Reviews

This book was a little hard to follow. Lots of characters, but good. I like jade winters books . Like to see sequel

Ms. Winters you have outdone yourself again! This is just a great book---period. Writing flows smoothly and story develops at a steady pace. I read the book in one sitting. The characters were very interesting as was the story line. Loved this!

I really enjoyed the story; the mystery was well thought out, and Astrid's character was well developed. But I didn't feel the attraction between Callie and Astrid was organic, it felt forced and rushed. There was zero substance to Keri. I think I was supposed to feel conflicted, but it just pissed me off that she was taking up screen time.

Astrid is a reporter that has lots of one night stands. She begins investigating the missing daughter of a tennis star and she meets Callie. Callie is a friend of the tennis star and Astrid decides to try to get info on the missing daughter from her. Callie sees through her attempts. Mutual attraction adds fuel to the fire!! I really enjoyed this book very much. I liked the mystery of the missing girl as well as the developing relationship between the two main characters. I recommend reading this one as well as other books from this author. I'm never disappointed.

I really enjoyed this book. It had everything...suspense, drama , romance and love. Another great story by Jade. She draws you in to the story and keeps you there.

A great read! Characters are human, three-dimensional. The passion (sex scenes and otherwise) exuded makes you stand up and take notice. Really sad the book is over. I wanted it to go on and on.

Loved it! Flirting With Danger is a well-written, engrossing, deliciously seductive, heart grabber; I recommend it,

This book hooked me hooked from page one. Its an incredible story with great characters. Finally a lesfic mystery worth rereading!
