Book by Struthers, Burt

I moved from Chicago to Boulder in August, 7 months later, I am glad I purchased this book. It has some great rides and good elevation-gain maps. Buy this if you're new to boulder or road cycling and want a book with a good variety of bike rides (i.e. easy, hard, lots or little elevation gain, etc...)The only downside: Some of the maps look like they're made using Microsoft Paint. This book is fantastic when accompanied with a good map (I have "Boulder Nederland" map by Sky Terrain).
