I love this planner and have bought many of them as gifts. Everyone I give it to also loves it. It's small enough to fit in your purse and you can use a rubber band around it as you go out planning and collect information. Very handy and convenient. You can then go home and put everything into a bigger planner if you like, but live the convenience of this smaller purse size for everyday wedding planning.

This had lots of ideas, made planning and organizing easy, helped me keep track of everything. I

felt like this was the best thing I could get closest to a human wedding planner. This book I recommend to all my friends. It's awesome for planning your wedding. It gives you ideas of planning a Champagne Wedding on a Beer Budget.

This book was recommended to me by a friend. It is the best and easiest planning book for a wedding I have ever seen. I would recommend this to anyone! It has things you don't even realize you would need. The best!

Was exactly what I needed :)

This book had some good ideas but not exactly what I was expecting. I thought it would be more of a planner with calendars, countdowns and charts but was more just a book to read with ideas in it . Not the organizational thing I was looking for.

Great book! It gives you checklists and also a small planner book for your purse. Offers step by step things to do by month. Very helpful! Things you wouldn't have thought of!
