Spectrum Applying Fractions, Grade 4 (Spectrum Focus)

Synopsis

A strong home-to-school relationship helps kids see the whole picture when it comes to math, and with Spectrum(R) Focus: Applying Fractions for grade 4, kids can get more practice converting fractions to decimals, adding and subtracting fractions, solving word problems, and more right at home. Packed with introductions, explanations, and comprehensive assessments, the Spectrum(R) Focus series is designed to help every child meet (and exceed) expectations by offering an in-depth learning experience. This standards-based workbook doesn't just prepare them for classroom success—it helps them make real-world connections by applying fractions to everyday scenarios.

Customer Reviews

Spectrum Focus provides specific support for the skills and standards that students are learning in today's classroom. A complete introduction to the topic teaches each skill through in-depth explanations and examples. Guided practice scaffolds learners as their understanding grows. Independent practice builds proficiency and fluency for each skill. Performance tasks challenge learners to apply knowledge and make real-world connections. A comprehensive assessment provides evidence of skill mastery. No matter your need, Spectrum is with you every step of the way.

Use as additional help for student learning fractions

Not a very thick book. A good price and my 10 yr old quite enjoys it:\$

Haven't had a chance to use yet, but the quality is great like the rest of the Spectrum Math products

fine
