Bryan Chick is the author of the Secret Zoo series. He originally had the idea for the series when he was a nine-year-old and wondered what would happen if zoo exhibits had secret doors that allowed children to go inside . . . and the animals to come outside. Bryan Chick lives with his wife and three children in Clarkston, Michigan.

I have been reading this series to my six and nine-year-old children for the past few months, they absolutely love it!. Then to be honest it's a pretty interesting story line and keeps me interested and

wanting to turn the pages to find out what will happen next. There is a scene in this book that made me laugh so hard I had to Compose myself for a few minutes before continuing on!

I read reviews on line then bought this for my grandson. As soon as he finished the first one he wanted the next one right away. He is mine.

I by chance came across the first of these series. I read it to my 4 and 5 years. I had it on my eReader Kindle. The children enjoyed it as much as I did reading it to them. This prompted me to search for others in the series. This story is so fascinating. I will be reading the other series on my new Kindle Fire HD.

Great book

I bought this book for a 9 year old, but I always like to read the book first to make sure the content is appropriate. This is a great adventure book that promotes imagination and would keep a young boy engaged. Highly recommend.

Granddaughter, age 8, loves these Secret Zoo books. Can't get the next one soon enough!

This is awesome it keeps you on the edge of your seat. The author has every intention of getting your attention and getting your heart racing!!! Everything is like so eerily calm then all of a sudden something really bad happens. So if you have heart problems don't read it. I am so joking either way READ IT !!!!!!!!!!!

It was descriptive and easy to understand, I recommend this book to any any age. Have fun reading this book.
