Customer Reviews

Professor of Music at The University of Memphis. Active Orff and choral workshop presenter. Composer of elementary and adult choral music.

Its nice to know that when a seller writes that they have good reputation for sending good quality items that you can trust that statement. The book I ordered was in perfect condition and arrived within the dates they said it would arrive.

everything came on time and in good condition and when I needed to return an item, everything was taken care of.

Very difficult rhythms for beginners or teachers without much musical training start on page 8!! do like the order of presentation of notes. Also there are many songs in each chapter to practice the new note presented in that section. Nice format with the built-in easel. Just be aware of the

challenging rhythms that are presented right from the very beginning.
