Mao Zedong (Wicked History)

Synopsis

It's hard to imagine any fictional villain half as fiendish as the real-life warlords, tyrants, and pirates in these new Wicked biographies. Bet you can't read just one! He presented himself as a man of the people and promised to turn the most populous country on earth into a worker's paradise. But the reality of life in Mao Zedong's Communist China was a different story entirely, marked by widespread famine and inhumane policies that cost tens of millions of lives.

Customer Reviews

This book is a biography of Mao that portrays him as the monstrous ego behind the horrors of Communist China. Written at an upper-grades reading level, the vocabulary includes: anarchy, annihilation, commune, confiscation, devastating, dissenter, famine, guerilla, humiliation, propaganda, purge, quotation. Graphic descriptions of mob violence perpetrated against the middle class by the peasants, the looting committed by the Party against the peasant cooperatives, the brutal torture in order to extract "confessions" (whipping, burning, fingernail torture, beatings), millions of people executed by frenzied laborers, labor/death camps, and the utter annihilation of the "Cultural Revolution". Parents may want to pre-read. This biography/history rolls right along with a sense of detachment, but these are big issues for kids. Socialism is evil. This book shows it clearly.

Excellent series!

Worst book ever! Pure propaganda. It is obviously from a mind that contains a lot of hatred to the earthshaking Chinese revolution in the twentieth century.
