Animal Parade 2: Charming Applique Quilts For Babies (That Patchwork Place)

Synopsis

Bring your quilts to life with animal appliques that frisk and frolic on backgrounds of vibrant patchwork. Quilters everywhere fell in love with the adorable patterns in Cheri Leffler's Animal Parade. Now she's back with even more delightful designs for the young--and young at heart. 10 charming baby quilts combine simple piecing with applique. Step-by-step instructions for needle-turn and fusible-web applique--full-sized patterns are included. Create lovable gifts featuring turtles, rabbits, pandas, elephants, raccoons, and more.

Customer Reviews

Animal Parade 2 - Charming Applique Quilts for Babies by Cheri Leffler has 10 adorable projects for children and, best of all for me, they all have gorgeous applique motifs. The birds on the cover add whimsy and cheer to the quilt, don't you think? Cheri Leffler is such a talented and creative designer, as well as a well-known quilting instructor. I was hooked on her designs for children after I saw her first Animal Parade book in 2014. Her second book is even more amazing. Cheri puts her magical spin on traditional blocks, combining them in unique and unexpected ways. Cuteness beyond pink and blue! The Pigs in a Blanket quilt is tempting me - it would look cool in other color combinations, too. She has a keen eye for mixing colors and textures, and the result is a collection of quilts sure to be treasured by little hands today and their children tomorrow! Cheri's applique shapes would look great on accessories, too, adorning pillows, wall hangings, baskets... If you are new to applique,

Animal Parade 2Â provides detailed instructions for needle turn and fusible web applique, along with the embroidery stitches used on Cheri's projects. --Denise Russell, Pieced Brain blog

Cheri Leffler is a former art director and substitute teacher, Cheri is a quilt designer who enjoys teaching classes at her local quilt store. Visit her at CheriLefflerDesigns.com

While the patterns and quilts in the book are very cute, I was disappointed with the appliqué drawings. Some are on the back of printed pages, making it impossible or impracticable to remove for copying. In addition, the patterns that are in the back of the book are printed on both sides. So, those can't be cut apart for scanning or copying. I have a Brother ScanNCut and was looking forward to using it to make these quilts, but that's not going to happen due to the way the tracing patterns are laid out. The pages are too large to fold to send thru a scanner. I do not have a steady hand so tracing is out of the question for me. It would be ideal if they would include a DVD containing the patterns with the book, or even offer an option to purchase one.

I love this book, and I have chosen about half of the animals to make a baby quilt for my great-granddaughter. They turn out great.

Simply charming quilts. I haven't done much quilting lately, but this book really inspired me. I made the quilt on the cover. And I've started on the pig quilt. And I'm collecting fabrics for another one. Thanks Cheri!

I bought this book because I fell in love with the animals. I'm using the turtle quilt as inspiration for a nursery with a turtle theme. So cute. Directions are quick and easy. Let me see it. This book will be used for lots of fun projects.

This book is filled with fun quilts to make for babies and children. Cheri Leffler's instructions are first rate, you will be inspired

This book contains the cutest quilts just wish it also had information on the quilting designs used

great

very pleased with purchase
