Dr. Block has made a career of investigating the world of Minecraft. He has discovered that it is more than just a game. His Minecraft books seek to uncover the hidden realities of the Minecraft mobs, NPCs and Players. Most of his research is funded by a grant from the Swedish Science Foundation.

My 7 year old loved this book! He's not a big reader, but he read the whole thing in one sitting. I would definitely recommend it!

A friend recommended the book and I'm glad she did. It was both creative and hilarious.

Minecraft, you gotta love all the stories that evolve from it. Quick exciting read: love and sacrifice in the minecraft world. Looking forward to the next book.

Never have I heard a creeper sacrifice his life for Steve . He was very brave even though everybody else was call him a noob

I loved how at the end the creeper exploded just to save Steve!?! Steve!?! He must be really brave than.

My 8 year old loved it.
