Principles Of Athletic Training: A Guide To Evidence-Based Clinical Practice (B&B Physical Education)

Synopsis

A Doody's Core Title for 2015! Principles of Athletic Training: A Competency-Based Approach is designed to be used by athletic trainers in courses concerned with the scientific, evidence-based and clinical foundations of athletic training and sports medicine. The text leads the student from general foundations to specific concepts relative to injury prevention, evaluation, management, and rehabilitation. As the student progresses from beginning to end, he or she will understand the complexities of the profession of athletic training. An over-arching goal of the text is to make certain that each and every one of the educational competencies identified by the Education Council is specifically covered. After using this text the student should be able to apply the appropriate techniques and concepts in the day-to-day performance of his or her job as an athletic trainer. McGraw-Hill Connect[®] is a subscription-based learning service accessible online through your personal computer or tablet. Choose this option if your instructor will require Connect to be used in the course. Your subscription to Connect includes the following:

- SmartBook[®] - an adaptive digital version of the course textbook that personalizes your reading experience based on how well you are learning the content.
- Access to your instructor's homework assignments, quizzes, syllabus, notes, reminders, and other important files for the course.
- Progress dashboards that quickly show how you are performing on your assignments and tips for improvement.
- The option to purchase (for a small fee) a print version of the book. This binder-ready, loose-leaf version includes free shipping.

Complete system requirements to use Connect can be found here:

Customer Reviews

Dr. William Prentice is Professor of Exercise and Sport Science and Coordinator of the Sports Medicine Program at the University of North Carolina at Chapel Hill, where he also serves as the Director of the NATA approved Graduate Athletic Training Education Program. He received his BS and MS from the University of Delaware and his Ph.D. in Sports Medicine and Applied Physiology from the University of Virginia. He also has a BS in Physical Therapy from the University of North Carolina. He is a Certified Member of the National Athletic Trainers' Association and has received the Sayers A. "Bud" Miller Distinguished Athletic Trainer Educator Award and the Most Distinguished Athletic Trainer Award from the NATA. In 2004 he was inducted into the NATA Hall of Fame. Dr. Prentice served as the Athletic Trainer for the Women's Soccer Program, which has won eighteen NCAA National Championships. He teaches graduate courses in sports medicine and athletic training. Dr. Prentice is the author of nine best-selling texts in athletic training, sports medicine, and health-related fitness.

Bought for my ESW student daughter. She had borrowed the previous edition of this book from an athletic trainer she was working with at school. She said that it was such a great resource that she wanted a copy for herself. She was thrilled to see a new edition had been released.
