Chomp Of The Meat-Eating Vegetables: A Branches Book (The Notebook Of Doom #4)

Synopsis

What could be more monstrous than giant vegetable monsters?! This series is part of Scholastic's early chapter book line called Branches, which is aimed at newly independent readers. With easy-to-read text, high-interest content, fast-paced plots, and illustrations on every page, these books will boost reading confidence and stamina. Branches books help readers grow! In this fourth book, Alexander is still on the look-out for monsters. Now he thinks they're at school.... The lunch menu is NOT normal -- instead of good-for-you meals, there's ice cream and pie every day. His whole class is crying. And his friend Rip goes missing. Alexander must battle giant meat-eating vegetables before the whole town becomes veggie dinner! Filled with humor, suspense, and zany black-and-white illustrations, this book will keep kids turning the pages!

Customer Reviews

Praise for THE NOTEBOOK OF DOOM #1: RISE OF THE BALLOON GOONS "Cranking up the horrorlarity with googly eyed cartoon figures and sight gags on nearly every page, Cummings pitches his nervous but resourceful newcomer into a climactic, all-out battle with an entire army of aggressive, air-stealing bendy balloons." -KIRKUS REVIEWS Praise for THE EENSY WEENSY

SPIDER FREAKS OUT!"Clever text full of witty asides." -SCHOOL LIBRARY JOURNAL Praise for MORE BEARS!"[Artwork that is] infused with zaniness of fun." -SCHOOL LIBRARY JOURNAL

Troy Cummings has been drawing since he was a little kid. His illustrations have appeared in newspapers and magazines, on websites, on frozen-fish-stick packages, and in hospital waiting rooms. He has published two picture books so far: THE EENSY WEENSY SPIDER FREAKS OUT! and MORE BEARS! His third picture book, GIDDY-UP, DADDY! is due out in April 2013. THE NOTEBOOK OF DOOM is his first early chapter book series. He lives in Indiana with his cat and family.

This book was especially terrifying vegetables are scary all by themselves but with me juicy tender grade schoolers it becomes Wampum scary and that's a lot of scary!

My 7- and 8-year-old LOVE this series. They do tear through them pretty quickly, so they're not very challenging. Good for reluctant readers.

I ordered these books for my son for Christmas. They arrived well packaged and undamaged. Fast shipping which was nice. He loves these books! I have not read them but our son read one to my husband and he said they were really fun books. Our son is 9 and hates to read! He is an excellent reader but would rather play video games all day if we would let him. For him to ask for the whole set and to see him re-reading the ones from school tells me they must be pretty awesome books.

One of my daughters favourite series. She's 8 now but got into these when she was 7 and loves them. Nicely made book. This was a particular favourite storyline.

We found the first Notebook of Doom book at my son's school book fair. We have subsequently ordered #2-4 from and each is funnier than the last. I have a 7-year old son who will read them in one-two sittings and a 4-year old daughter who loves them so much that I have been reading them aloud to her. There are 2 male and 1 female protagonists. The books are just scary enough to not be hokey but never too scary for even my pre-school daughter. And they keep you guessing with great plot twists. We are hooked! I hope Cummings publishes more soon!

Great little book for kids.....with funny twists and turns on every page! My grandchildren love reading

a few chapters in the morning while waiting for the school bus!

This series is great for my 8-year old son who is picky when it comes to books he likes to read. He tends to go for nonfiction books, but this series has him laughing out loud in his bed and night and begging for the next book in the series. I'm happy to purchase these as I know I can resell the whole set and they are relatively inexpensive per book for quality reading time.

Perfect for my 8 year old!
