Customer Reviews

Hi! I hope you enjoy my review of the Underwater Ocean Coloring Book. Summary: Beautiful images and good quality.

"Lilt Kids Coloring Books" nice selection of books - great for little ones - was enjoyed by 2yr to 6yr olds

Nice big pictures, heavy white paper, great quality. It is so rare to find a coloring book these days that doesn't include "activities", which are not appropriate for 2 year olds. This is just pictures. Not too detailed.

Thanks

Book is a little thin and it felt like someone just took all the colors out of an illustration instead of actually creating pictures to be colored in. Older children would do better coloring in some of these smaller spaces.

Quality pictures

I bought this coloring book for my grandson, Ben, and he just loves coloring the cute "fishies", as he says!! He's a four year old, and told me he wished he could color all day!!

Great pictures and very clear for my daughter to color. Buuuuuut, I thought it was very small for the price. I was thinking it would have more pages to color.
