Customer Reviews

I had searched all over for this manual. I was pleased and surprised by the condition. it has helped me with general maintenance and repairs.

This was an excellent manual that served as my bike-side mate for several years. Without this thing I would have wasted hours and hours taking apart the wrong the assemblies, without the proper tools. I'm a big fan. Oh, and the specified reference metrics at the end are great. I recommend, no questions asked.[...]

This book is probably the most valuable book you'll ever own if you've got an FZR. It's helped me countless times to sort out electrical, carburetor, and other miscellaneous problems on my bike. Definitely pick this up, don't even hesitate.
