# The Coast Of Maine

## Synopsis

With a coastline that rivals California's, Maine attracts millions of visitors each year who come to swim, fish, hike, or just enjoy the views. Many of the images present a near panoramic scope, placing the viewer in the middle of a wilderness splendor. The photographs capture the region's famous sandy beaches, tree-covered mountains, tidepools brimming with life, and secluded harbors, as well as quaint villages, historic lighthouses, cranberry bogs, and lobster boats. Chapters cover Ogunquit, Kennebunkport, and Portland to Penobscot Bay, Mount Desert Island, and Cobscook Bay. A central focus is Acadia National Park, one of the top ten most visited national parks in America. Nearby, the town of Bar Harbor hosts more than eighty cruise ships each year. The book also celebrates offshore Maine, with images of whales, puffins, and other elusive sea creatures. The Coast of Maine makes an affordable and charming gift for anyone planning, or dreaming of, a visit to this glorious region.

Carl Heilman II is a devoted outdoorsman and nature photographer whose work has been published in several magazines such as Outside, National Geographic Adventure, National Parks, and presented on PBS. The author of Universe's The Adirondacks, he has most recently exhibited his work at the new Adirondack Park Visitors Interpretive Center.

Love the photos with descriptions. Even tho dimensions are given, I was surprised that the book

was so small (my fault for not actually measuring before ordering). Not a coffee table book, more of a "tray table" book, it's about the size of a paperback book. But great if you're lacking space and all in all a lovely souvenir/reminder of this beautiful part of Maine.

This book is a perfect size for a gift. I have purchased more than 10 of these books to give to friends from other countries. The full pictures and limited words make this a perfect international gift. Pair this with Balsam Fir scented pillow and experience Maine anywhere.

We live in Maine and have this small book on our coffee table. The pictures are just stunning. And if you are wondering - yes, Maine is that pretty.

Great pictures

Certainly not my idea of a coffee table book. Need to reveal size. It was too small to enjoy the photos and what they tried to express. Next time I'll go to the local book store so I know what I am getting. I will say the shipping was quick.

Beautiful photos!! Makes a small end table book, everybody picks it up!

Wonderful book on Maine! The photography is crisp and vivid and it depicts the culture of coastal Maine remarkably well. For any fans of Maine or coastal regions in general this is a perfect companion.

Beautiful pics of a beautiful state.
