## Customer Reviews

This score is very poor quality in terms of readability... The French lyrics are barely discernible. It looks like the score has been copied too many times with a low quality copier. The English translation has just been typed-in (with an entirely different bold font and size) and placed in the score "wherever." Nothing lines up well. There don't seem to be many other "Pearl Fishers" publications available, but there has to be something better than this.

Thank you, it's a great score.. Thank you

The score was a little hard to read in places due to its many reprints. But overall, after making corrections, I was able to put the score to good use for learning and performing.

send to my son, I will recommend it to my friend. This product has great balance and weighting to it. I was impressed with the packaging and the product itself is impressive, especially given the price. I would absolutely recommend purchasing this product to others. with the best service . arrive on time,

Quality of printing is poor.
