# The New Complete Works Of Josephus

## Synopsis

No source, other than the Bible itself, provides more relevant information on the first century than the work of Flavius Josephus. This newly edited version updates the original 18th century language; includes commentary by the award winning author and historian, Dr. Paul L. Maier; features over forty photos of ancient sites and artifacts mentioned by Josephus; cross references numbers throughout to the Greek text of Josephus in the Loeb Classical Library; and offers revised indexes of subjects and Old Testament texts.

## Customer Reviews

A great bargain in a text of Josephus' works, as well as mesmerizing reading and commentary. (Church & Synagogue Libraries 2004-06-03) Dr. Maier is an authority on Josephus and on first-century Christianity . . . . (F. F. Bruce 2004-06-03) The New Complete Works of Josephus promises to become a standard reference work for years to come. Wow...big book

As always, I like reading the book of Josephus. It has lots of history, and it helps me to better understand some of the things that happened in the bible. It also has a little information on Jesus

which is a plus.

Very informative..thanks

I have read my Bible regularly and been interested by the footnotes that give insights into the background of various passages. They so often mention the writings of Josephus that I wanted to read him myself. This book contains all his writings, and it is such an eye-opener. I can now more easily understand the story behind the story, so to speak. I have a more intimate view of what the world was like during those biblical times, and see what the meaning was of so many things which puzzled me before. I highly recommend this book. However, I must say it reads more like a textbook than a light read, so expect to have your brain challenged by this.

This is a standard text and irreplaceable for those who want to study this period. One can hardly review the text when it's one of a kind and hasn't undergone a new translation in centuries. The book is thick but the binding is very good so it promises to hold up very well with use. The paper is of such a quality that it should hold up well also.

Excellent book. Great resource for Bible studies and more! Great history lessons to be found within the pages of this book.

It's a book I always wanted to have. A book I should have because so many authors quote it as a source. However, it is virtually impossible to find the parts I want to study. It is really too much of a good thing. Maybe I'm lazy but it would be nice to have his references to New Testament times compiled in one place.

well translated
