# Lots Of Dots: Beautiful Art That Starts With A Dot

## Synopsis

Create beautiful art that starts with a dot. Learn about an easy, approachable technique for creating beautiful, eye-catching art with Lots of Dots. Combining the ideas of coloring, doodling, and hand-lettering, this technique is easy and relaxing as well as allowing you to tap into your creativity. Lots of Dots shows how to use dots of different sizes and colors to incorporate a pronounced sense of whimsicality into a piece. In turn, this playfulness helps to bring subjects to life as they pop off the page in a succession of vivid hues and dotted forms. This technique is perfect for beginners and for artists who want to explore a new style. Approximately 20 pages of introduction give step-by-step instructions to create images of increasing complexity. Introductory pages also include over forty thumbnail images that can be used as inspiration. The book includes templates that are lightly drawn with shapes outlined; the templates include animals - birds, sea life, butterflies, cats, owls; flowers and botanicals; motifs such as decorative borders, mandalas, sun, moon, and hearts; and people. Lots of Dots is printed on paper that will withstand markers, gel pens, colored pencils, crayons, and watercolors, so you can use any medium that inspires you.

## Book Information

Hardcover: 136 pages

Publisher: Rock Point (March 15, 2017)

Language: English

ISBN-10: 1631062751

ISBN-13: 978-1631062759

Product Dimensions: 8.8 x 0.8 x 10.2 inches

Shipping Weight: 1.6 pounds (View shipping rates and policies)

## Customer Reviews

Ana Enshina was born in Moscow in 1994, and learned to draw when she was five years old. Her mother wanted her to have a beautiful handwriting, so she spent almost single day of last seventeen years drawing and painting. Through the connections she made with great tutors and fellow artists she met along the way, she created her own unique style. A few years ago, she decided to study architecture, but found she couldn't stop painting, and one night while trying a set of new paints

her dot drawing style was born. She is grateful for all the friends who inspired her to paint and give her feedback, and for the family who sent her to art school and supported her along the way. Â

WONDERFUL. In fact, I am immediately ordering one for a friend

I'm not really sure this could be called a coloring book, more of an art illustration technique book. It was quite interesting and if you have unending patience for coloring in small dots, you will enjoy the book. I enjoyed reading about the process and looking at results but it just wasn't my cup of tea.

I have been coloring for a while now, but this book has been the most fun of any I have purchased. I own over 100 adult coloring books, but I love this one the best. It is fun to color only dots and watch the picture appear. The templates are good guides, but there are wonderful suggestions in the front to help you see how each picture can vary. This is an easy relaxing fun book.
