Study Guide For Essentials Of Maternity, Newborn And Women's Health Nursing

Synopsis

This companion Study Guide for Essentials of Maternity, Newborn, and Women's Health Nursing reinforces key concepts covered in the textbook and includes a variety of question types and exercises that make it easy to remember essential information and build critical-thinking skills. Each chapter is broken down into three sections: • Section I: Assessing Your Understanding presents a variety of labeling, sequencing, matching, short-answer, true and false, and fill-in-the-blank questions to test comprehension of key concepts. • Section II: Applying Your Knowledge consists of case studies and exercises to enhance critical-thinking skills. • Section III: Practicing for NCLEX helps students prepare for the exam with a variety of NCLEX-style review questions. • For even more NCLEX-style questions, check out PrepU for Essentials of Maternity, Newborn, and Women's Health Nursing! • PrepU is our adaptive quizzing program that helps students learn more, while giving instructors a window into their students' progress • highlighting misconceptions, strengths, and weaknesses. •
