Catalina: The Vintage Years

Synopsis

Vintage Porn at Its Best. More than just porn its the golden age of gay porn! Some of the best images came from the crown jewel among gay porn studios: Catalina, founded in 1978. Photos from the companys early days document a bygone world of unbounded sexual freedom.

Customer Reviews

This photo book presents photographs of many of the porn stars from Catalina's early years baring their balls and everything else. These guy were and are hot. It is a treat to look back at the beauty of the men from Catalina. Hot and hung!

When I think of the deliciously artful photos this book SHOULD contain - and then look at the hastily assembled hodgepodge of snapshots that it does contain - I wanted my money back! It's a third-rate collection of snapshots (not formal poses) of Catalina's stars (more often than not) artlessly extended over two pages with an enormous crease in the middle of every two-page spread. Save your money!!!

Didn't hate it but close to it. This is an important era and I was hoping for an actual substantive HISTORY of Catalina. Instead, the book throws together some photos with basically content-free paragraphs. Very, very disappointing. This seems like a quick way to make a buck.

Brings back lots of memories when I worked with Catalina and did videos. Jeff and I are good friends and we've had some great times together doing films. I'm glad he got the cover of the book. He has a great naked body and works hard to keep it in shape.

a good enough publication but not one of the highest caliber in this realm

Exactly as expected

Great pics from the vintage years, perfect addition to any collection.

Brings back memories of my youthful years.
