Great book! I wish I had read it 20+ years ago when I first heard of it. Now that I've read it, I understand more about why we are seeing the budget battles going on in D.C., wars in the Middle East, and other international events. I see more clearly why many in our political sphere are working so hard to run up our national debt: to cause our nation's financial collapse, weaken our military,

and eventually overthrow our country. Furthermore, the book provides perspective on the relationship between (1) the driving force behind the anti-God, anti-America types who seek to disarm America and get us under the control of the U.N., and (2) the rise of the Antichrist. Any Christian seeking to understand how End-Time prophecies are being fulfilled in our day would benefit from reading this book.

Amazing book-written so long ago but so accurate. Pat is truly prophetic.

Bought for my dad. Great book he said. I'm happy!

Pat's attempt at dealing with this subject was very informative but I think he was reluctant to deal with certain inconvenient truths. Nevertheless I admire his braveness and faith.

Not an easy read. I'll have to read it again. Highly detailed book, but the premise and information is worth considering. This information will open your eyes beyond the typical political understandings. Robertson gets into the money sources that may be seeking world political control and domination. He traces the threads into the 1800s and brings them up to the time the book was written. I used to think there were only liberals and conservatives. Now I see there could be more to politics. So much to learn.

I believe we have been in or very near to being in a new world order for the last 20 years. I'm scared to death. All Presidents regardless of party have been associated with THE NEW WORLD ORDER. OBAMA could turn the key tomorrow, Could you imagine being ruled by Laos tomorrow. Could you Imagine living like the poorest countries in the world. Republican and Democrats both have been working towards "The New World Order". It all started by the Luminare in London approximately 200 years ago. This Isn't The original New World Order Book written by Pat Roberson his earlier book was much easier to read and understand.
