Franko Maps Ltd. is known for producing the best travel, dive and snorkel maps, guides and fish cards for Hawaii and other locations worldwide.

I really like Franko's maps for all the Hawaiian Islands. They combine detail with durability. The coloring is also very nice, and makes it easy to see the topographical details of the landscape.

Love this map... have'nt used it yet but are hoping to visit the many areas this map shows..... most of which we had not seen anywhere else, even online!

Beautiful laminated map withstood our wet and sandy hands, shaved ice drips and rough handling. Weathered trip down we are able to use it for our future trips as well. Well worth the cost!

includes great information- very helpful snorkeling, and finding your way about

This was a VERY handy map to have on my recent trip...Good, good maps! Loved all the useful information included...Like a guide book / map combination

Worth getting. We are AAA members and can get maps for free, BUT their Hawaii map has all the islands on one, so this shows more detail plus gives a lot more info. (Haven't left for our trip yet, so I'm assuming it is accurate).

This map packs a lot of helpful information with perspective as to distance. Easier to carry and reference than a guide book. It holds up very well.

An excellent map for a visit to Maui with good color on a tough fabric and many sites and activities listed.
