Shocked this was made into a book...The pages are lined columns with numbers and values.I have 120 figurines to value and only found three..Not what I would describe as a resource book!Hardly worth the shipping.Very Disappointed... Back to the Charlton's for me!

Not good!! Overpriced. Not a complete price list,very limited.

Helpful

Not exactly what I was looking for. Informative but somewhat disappointing. I just haven't been able to find the right book.

It was a great guide for determining value for the different figurines that Royal Doulton makes giving high & lows.

This is exactly what I was looking for. I didn't need a million pictures, just prices! It has over 500 figurines listed, and my whole collection was included. The prices are accurate. They even give you their e-mail in case there is something you have question on that isn't covered in the guide, which I thought was a really nice added touch. Very Happy Customer :-)
