Best Sellers Rank: #507,356 in Books (See Top 100 in Books) #462 in Books > Arts &

Photography > Architecture > Individual Architects & Firms

Customer Reviews

ACCEPTABLE BOOK

Good addition to my art library. He was a strange and uniquely talented man.

Good delivery and value

There has long been a need for a compact volume which would survey the immense range of Frank Lloyd Wright's lifework. This book has been designed to fill that need. The achievement of the master architect is here presented in his own words and works - the text complemented by more than 150 illustrations, a rich abundance of drawings, photographs, plans and sketches from the early 1890's to 1959. In addition, the book includes the first comprehensive list of Frank Lloyd Wright's executed buildings now standing, keyed to a map of the United States.
