Customer Reviews

This is not the best atlas, very little of Maine is covered in it. Most of Oxford and Cumberland counties are not represented very well if at all. The coastal towns are present. Not a great atlas for the lakes regions, fall foliage and vacation destination towns. Arrow usually makes a decent atlas, I have several other cities and states. I know Maine is big and mostly rural, but Cumberland County is the most populous county in Maine and other than Portland is largely omitted from the atlas.

So the town I live in? It shows about a 1/4 or less of a page of map, only a small portion of the town, and it's so tiny, I can't read it even with glasses. A colossal waste of a purchase.
