Great book. very useful to have as a horse owner to be better educated about what lies under my horseshide.

A lot more writing in the book than I expected but a good buy none the less.

Great

A great book to relax with. I'm learning while I'm playing.

Excellent resource and reference book. User friendly. An absolute for all Equine owners to have on hand.

An absolute must have for the serious horse student, I use mine regularly. The best money ever spent on a tech. book
