Gabby Duran And The Unsittables

Synopsis

Case File: The First Unsittable Summary: The Association Linking Intergalactics and Earthlings (hereby known as A.L.I.E.N.) has a new member. After months of investigation, Gabby Duran, Associate 4118-25125A, has proven herself to be a babysitter extraordinaire. Her celebrity clients fly her around the country to care for their rambunctious little humans. Our spy, Associate 4118-23432B, otherwise known as Edwina, believes Gabby can be trusted with the truth: aliens are living among humans on Earth. And here at A.L.I.E.N we believe that even extraterrestrials need a babysitter now and then. No one was up to the taskâ until now. After accepting the top-secret position, Edwina has paired our new associate up with her first charge, a little girl from the planet Flarknartia. The timing for associate 4118-25125A is less than ideal. It's a school day on Planet Earth, Gabby's audition for the solo part in the band is tonight, and this tiny alien is a bit more than meets the eye. Can Gabby Duran, Associate 4118-25125A, First Sitter to the Unsittables, keep her otherworldly charge safe in the unpredictable halls of middle-school and keep A.L.I.E.N hidden?

Customer Reviews

My Thoughts: This was such a fun, sweet story! (This review might be relatively short due to the fact that I have no criticism whatsoever. :)) I loved Gabby, and think she has a great personality to make the perfect main character. Wutt, Edwina - even Adam Dent and the triplets - were all wonderful additions to the story, too, and I enjoyed every page of them. This book was action-packed while still silly, and I found myself laughing out loud very often. The writing was easy to understand, which helped me zoom through this book without having to hesitate on a paragraph. Hilarious twists - plus, I loved Gabby's best friend, Zee! A fun, eccentric look at babysitter and aliens, and I can't wait to read more!

Even as an adult, I thoroughly enjoyed this book and hope it is the first of a series. The story was very creative and clever, fun scenarios, strong descriptive language, and wonderful a celebration of kids of all types - alien or human. And a surprise ending! I can absolutely see how readers would imagine themselves in the Gabby role, living out these adventures. I loved it and it will my birthday and holiday gift of choice this year for my younger friends and family members.

Granddaughter loved it

One of the funniest books in ages (and good for all ages)! As the suspense pulls you along, you laugh the whole way through! Very original richly drawn characters and unexpected twists in the story. And for anyone who has had to think fast while baby-sitting a tricky kid, this book will really hit home! Can't wait for the next book in this series!

Bought this for my son, as the author visited his school and autographed the book. He's reading it now. It arrived very quickly, as promised.

Excellent writing, quirky, lovable characters, crazy situations, and a clever, creative idea. Your 10-12 year old will fall in love with Gabby Duran!

Just as described
