A Beginners' Guide To The Dolls' House Hobby: Revised And Expanded Edition

Synopsis

Jean Nisbett's classic volume gets a welcome update and expansion making it a practical, accessible introduction to all the basics, with lavish images and easy-to-follow hints that help beginners save time and avoid costly mistakes. Nisbett explains how to choose and build a house from a kit; handle a period building; furnish the interior; create charming shops; and plan a doll's house that will enchant a child and actually stand up to play. Equipment and materials, finishes, decoration, decorative detail, gardens and renovation all receive in-depth coverage, while checklists set out a logical order for work.

Customer Reviews

One of the more prolific British writers on the subject of dollhouses, outside and in, Nisbett encapsulates her considerable knowledge into a small book designed for rank beginners. Part 1 surveys the choices available, from working within a budget to selecting houses, shops, and garden settings; charts guide hobbyists to the appropriate materials for authentic period interiors and exteriors. Part 2 delves into the details; more project oriented, it includes practical how-to information, such as fashioning fireplaces and Aga cookers. All instructions are accompanied by at least one color photograph; the list of materials may occasionally need some translation, since the author tends to use British brand names and generic terms. A good aid for those considering a new hobby. Barbara Jacobs --This text refers to an alternate Paperback edition.

"The perfect guide to select your first project." - Dollmaking magazine "One of the more prolific

British writers on the subject of dolls' houses, outside and in, Nisbett encapsulates her considerable knowledge into a book designed for rank beginners." - .com, Editorial review"

Details to make furniture and furnishing for a doll house. A must have for doll house hobby for beginners and novices

My wife adores this

I haven't read this book yet, but looking through it, I can tell it is going to be exactly what I need to restore my mother's dollhouse.

its a bit outdated, but will prolly be useful when I start to work on my own hobby (once I'm moved in & set up in the mansion I just bought in France)

Personally, I thought it would have better details and examples. Its a good book as an overview for a new hobbieist to read.. I give it 3 stars.

I bought this for my daughter for Christmas because she has a doll house, and we have really enjoyed it. There are beautiful color photographs of a variety of all things "doll house," along with ideas on how to make or decorate your own doll house.

Extremely practical info for refurbishing dollhouses!

This book is a gift and was everything I hoped it would be.
