Loyola Kids Book Of Saints

Synopsis

Book of Saints Who are the saints, why are the lives of saints important for children, and what can children learn from lives and actions? In *Loyola Kids Book of Saints*, the first in the Loyola Kids series, best-selling author Amy Welborn answers these questions with exciting and inspiring stories, real-life applications, and important information about these heroes of the church. This inspiring collection of saints' stories explains how saints become saints, why we honor them, and how they help us even today. Featuring more than sixty saints from throughout history and from all over the world, *Loyola Kids Book of Saints* introduces children to these wonderful role models and heroes of the church. Ages 8-12.

Grade Level: 3 - 7

Customer Reviews

Loyola Kids Book of Saints is the first title in a new series of children's books from Loyola Press. In each chapter, children will find: *The dates when the saint lived, the saint's feast day, and an original illustration of the saint *Stories about the saint's life and work, written in a conversational, friendly style *Ways to apply the saints' stories to their own lives, plus a discussion question based on the story

"In this book, you'll read about lots of saints from all over the world and from all across time. You'll

see that holiness doesn't have boundaries. Any person of any age, living anywhere at any time, can put Jesus first and let God strengthen him or her to do marvelous things. Even you!"

I have read a ton of children's saint books, and this is my favorite. Many children's books about saints are both scary and inapplicable: this saint's eyeballs were poked out while he was being skinned alive. This may be true, but the WHY of it, the fact that saints are capable of doing this because they are so in love with the God of infinite Love, is what is most important. This book makes the lives of the saints accessible to children, and presents it with thoughtful questions and practical applications. I cannot recommend this book enough. Actually a kid's saint book written for KIDS!!

I purchased this book to read to my 1st grade religion class. It uses words that the kids can understand and makes the stories interesting. I particularly love the preface which explains what a saint is and how you can become a saint. Not a picture book.

Our daughter was very surprised to received The Book of Saints as a gift from us. She loves it. It has various saints, how the saints impacted other's, and is well written. The only thing I was disappointed is to see the pictures in black and white. I would have like to have seen colored pictures. Our daughter will enjoy reading the book and so will I. I am learning much about some saint's I've never heard of.

I thought this to be a great book, one that kids can relate to w/ thoughtful questions. I'd purchase again. Written in today's language that kids can understand.

I was struggling with a First Communion gift for my godson, as it seemed he was already receiving the "normal" first communion gifts from others. I found this book, and was pleasantly surprised. It's a large book (roughly 8.5" x 11" size), with large text. It's all in black and white, with only a few pictures. The saints are grouped, and there are quite a few of them included. It seems to be at a 2nd-3rd grade reading level.

This is an excellent book to read as a family or for the kids to read on their own. Lots of interesting information crafted at a kids level of understanding but also interesting for adults.

Excellent for teens and younger students. The book explains the lives of the Saints in easy language that kids can understand.

Great book for kids! Inspiring.
