EARL STEINBICKER is a born tourist who believes that travel should be a joy, not an endurance test. For over 35 years he has been refining his carefree style of daytripping while working in New York, London, Paris, and other cities; first as head of a firm specializing in promotional photography and later as a professional writer. Whether by public transportation or private car, he has thoroughly probed the most delightful aspects of countries around the world " while always returning to the comforts of city life at night. A strong desire to share these experiences has led him to develop the "Daytrips" series of guides, which he continues to expand and revise. Recently, he has been assisting other authors in developing additional "Daytrips" books, further expanding the series.

This book is very detailed and is full of helpful hints. If you're planning a trip to D.C. you need this book.

Just what I needed, and a great purchasing experience.

Lots of great places to visit
